My Guide

In partnership with
Guide Dogs

*"Helping me to play
a role in my local
community."*

Your local charity for local people

About Warwickshire Vision Support

Serving more than 3,200 visually impaired people with the support of over 300 volunteers, Warwickshire Vision Support provides information and advice services, social clubs and Vision Support Centres across the whole county.

What is My Guide?

My Guide is designed to help you to get out of your home and to participate more fully in your local community.

We provide volunteers who act as your sighted guide, coming to your home and guiding you to a prearranged venue or activity.

Perhaps you have been asked by your doctor to take regular exercise but are not confident walking unaccompanied around your local community? Maybe there is a particular activity or group that you would like to attend but are unable to get to and from the venue?

The My Guide Scheme is designed to help you to build the skills and confidence to live a more active lifestyle as an integrated member of your local community.

What we provide

We will endeavour to provide you with a volunteer guide to meet your requests but please be aware that the service is dependent upon volunteer availability and our policy of fair usage.

Although My Guide volunteers may take you shopping for a special occasion or to buy a particular gift, we cannot provide volunteers to help you with weekly grocery shopping.

How much does it cost?

The My Guide scheme is free to all Registered Members of Warwickshire Vision Support. However, you must bear the cost of public or private transport, for both you and your volunteer if you chose to go on a trip.

If you require any more information about the My Guide Service then please contact us on 01926 411331 or email enquiries@warwickshire.vision
