About Warwickshire Vision Support

Serving more than 3,200 visually impaired people with the support of over 300 volunteers, Warwickshire Vision Support provides information and advice services, social clubs and Vision Support Centres across the whole county.

What is the Shoppa-Hoppa Service?

Warwickshire Vision Support and Back & 4th Community Transport have developed a new community transport service in Warwick District.

The Shoppa-Hoppa service operates every Monday collecting passengers from their homes, transporting them to the Shires Shopping Centre and taking them home again.

The vehicle is staffed by a volunteer driver and passenger assistant; volunteer escorts meet you at the supermarket to assist with your shopping.

How much will it cost?

The Shoppa-Hoppa costs £6.00 for a return journey payable in cash on the day to the driver.

Bookings: 01789 471595

ruralwarwickshire.gov.uk/backand4th

How long will I have at the shops?

This depends on how many passengers travel each week, however we would aim to have about 2 hours between dropping off and collecting passengers.

How much shopping can I buy?

The Shoppa-Hoppa is a minibus service so space is limited. We request that passengers limit the shopping they buy to an amount they can reasonably carry.

How do I book my transport?

Transport must be pre-booked by telephoning the Back and 4th office on 01789 471595. Bookings can be made between the hours of 9 am to 4 pm Monday to Thursday for travel on the following Monday.

Passengers will be contacted on the preceding Friday and informed of the approximate collection time.

Can I provide my own escort?

If you have a carer or family member who can accompany you to do your shopping, they can travel with you at no charge. Alternately you can request a volunteer escort to accompany you - just ask when you are making your booking. Back & 4th are happy to transport guide dogs.
